MAKES RULING UPON NEW FEATURES OF TERRELL LAW

Assistant Attorney General Holds All Candidates Are Not Required to Pay Poll Taxes.

Dallas, Texas, Oct. 6.—A special to the Dallas News from Austin says: Assistant attorney general Rowland made a ruling applying directly upon the race for sheriff of Val Verde county but of such a character as to be of interest in other places. John F. Robinson, who is candidate for sheriff and had held that office for six years and did not run for reelection, was here today with the questions passed upon. He is now running for sheriff independently. However, he announced too late to get his name upon the official ballot. He does not hold a poll tax receipt, but says that the money was paid and that the tax collector admitted it. Consequently he has submitted questions upon which an interesting ruling was made.

Payment of Poll Taxes.

In passing upon the question as to whether or not the nonpayment of poll taxes and other taxes disqualifies or makes ineligible for office a person failing to pay the taxes, a negative answer is given and attention is called to the fact that the payment of taxes is required only of members of the legislature for eligibility.

An affirmative answer is given to the query as to whether or not the voters have the right to write upon the ballot the name of any citizen whom they prefer for office who is in the field as a candidate for such office, but has entered the race after the expiration of the legal time in which he might have filed his petition in proper form to have his name placed upon the ballot as an independent candidate. Mr. Rowland holds that the voters are not confined in choice to the names printed upon the official ballot, and a candidate may announce after the time for filing petitions for places on the ballot has expired. An affirmative answer is given to the question as to whether or not an illiterate voter has the right to demand help from the election judges in the preparation of the ballot.

Names on Tickets.

In answer to a further question, Mr. Rowland holds that the intent of a voter governs in cases where a man does not get his name printed regularly upon the ballot and, while it is preferable to have the names written upon the ballot in a uniform manner, yet if John B. Smith were running for office, the name J. B. Smith written upon the ballot would be sufficient to make the vote valid.

Notwithstanding the fact that the tax collector fails to issue a receipt for poll and other taxes, the payment of the taxes to the collector is held a full and legal payment of the taxes. When the taxpayer pays the amount of his taxes to the county tax collector and the officer accepts it, that action constitutes a full payment of the taxes and puts an end to the taxpayer's liability. He must only prove the payment of the taxes.

BROWNE AND BRODERICK TO TESTIFY AT HEARING

Investigating Committee Decides to Have Indicted Democratic Leader Before It.

Chicago, Ill., Oct. 6.—Lee O'Neill Browne, Democratic leader of the Illinois house of representatives, who is under indictment in connection with the election of Wm. Lorimer to the senate, will be called to testify before the Lorimer congressional committee.

The same ruling was made by the committee in regard to state senator John Broderick, now under indictment on the charge of having bribed state senator D. W. Holtz to vote for senator Lorimer, and applies also to representative B. E. Wilson, against whom bribery charges are pending.

Neither Browne nor Broderick, who were on the stand for a few moments, were questioned, because of the plea of attorney Thomas Dawson, counsel for each, that he wished to confer with associate counsel before advising his clients what course to pursue. The committee reluctantly granted counsel until tomorrow morning to decide his course. The witnesses must answer or plead the constitutional privilege and decline to answer on the ground that their words might incriminate them.

HEARST NAMED FOR THE SECOND PLACE

Independence League Nominates Hopper and Hearst for Governor and Lieutenant Governor.

New York, N. Y., Oct. 6.—John J. Hopper, state chairman, and Wm. R. Hearst

for governor and lieutenant governor, were named for the second place in the Independence League nomination for governor and lieutenant governor.

Neither Browne nor Broderick, who were on the stand for a few moments, were questioned, because of the plea of attorney Thomas Dawson, counsel for each, that he wished to confer with associate counsel before advising his clients what course to pursue. The committee reluctantly granted counsel until tomorrow morning to decide his course. The witnesses must answer or plead the constitutional privilege and decline to answer on the ground that their words might incriminate them.

COMMITTEE NAMED TO MAKE ORGANIC LAWS

New Mexico Constitutional Delegates to Work Fast as Is Possible.

The convention this forenoon finally settled the employees problem. It was decided to enforce the most rigid economy and to employ only 20 stenographers, clerks and other help.

A squabble was caused by a resolution to give representatives of labor organizations the privilege of the floor. The resolution was finally referred to the committee on rules.

Santa Fe, N. M., Oct. 6.—That the convention for formulating the constitution for the new state is determined to finish up in 30 days, instead of being in session the 60 days permitted by the enabling act, was apparent when president Spies and the Republicans declared that the work must be done in 30 days so that the constitution can be submitted in good time at this session of congress.

The committee appointments were ratified as follows:

No. 28—Crucis Chamber Elects Officers—Nicholas Galles Again President; No Secretary Is Chosen; Boosting Plans.

Las Cruces, N. M., Oct. 6.—The directors of the Mesilla valley chamber of commerce met at the chamber rooms last night and elected the following officers: President, Nicholas Galles; vice president, R. E. McBride; treasurer, Robert Dross.

The question of a secretary was taken up and discussed at length, the desire being to have a good, aggressive man who would help increase the membership of the chamber and who could also further the aims of the organization to the fullest extent.

The chamber of commerce will start a campaign of publicity and suggestion, by which it is thought that 100 new families can be brought into this valley this winter, and every effort of the body, collectively and individually, will be put forth to secure that many or more new people.

STRIKE REPORTED IN THE PARRAL DISTRICT

Much Development Work Is Going on at That Prominent Camp.

Parral, Mexico, Oct. 6.—A rich strike reported to have been made at the Esmeralda mine, a mile and a half from Parral, Mexico. The ore uncovered runs from 25 to 35 lbs. in silver or from 375 to 500 pesos value per ton.

The Weekly Products. The approximate production of the Parral camp for last week was 16,250 tons of which 9800 tons were shipped to smelters and 6450 tons were locally treated.

Adelia to Ship. The Adelia Mining company, which was recently organized, has taken over mining properties near Borja station in the Roncevalles camp. The Adelia carries silver and gold in six veins crossing the properties. Shipments will begin within the next two weeks.

The Alvarado Consolidated Mining company of Parral has built a bridge across the arroyo to connect with the aerial tram of the Palmilla Milling company's plant. It has also started raising the ore bins of the aerial tram. The pumps will be installed by the middle of next month, preparatory to unwatering the mine. New hoists have been placed in the fourth level.

Palmilla Mill to Open. The first unit of 325 tons daily capacity of the Palmilla cyanide mill, eventually to be of 1000 tons daily capacity, will go into commission before January 1, 1911. This will be the largest cyanide plant at Parral, and one of the greatest in Mexico, and will not only treat the company's ores, but do a custom business.

Tajo Shipments. The Tajo mine is shipping monthly about 3500 tons of its total output of 4500 tons of sulphide gold ore, and 2000 tons of which is also occasionally copper.

Quadrillas Improvements. Work on the Quadrillas mill of the Veta Colorado Mining and Smelter company in Minas Nuevas is progressing. The stamps are all hung, ready for the belts, and the new boilers are being placed in position. A cooling tower to cool water so the boilers can use it over many times has been built and a large stone building for warehouse and offices.

TERRELL TO BE WELCOMED BY ALL WICHITA FALLS. Wichita Falls, Tex., Oct. 6.—R. E. Huff, president of the chamber of commerce, today issued an address urging citizens of whatever political faith to turn out and hear Judge Terrell, the Republican gubernatorial candidate tomorrow night. Huff declares representatives of the dominating power should be cordially welcomed. Cecil Lyon will accompany Terrell.

TEXAS SECRETARIES ASSOCIATION WILL MEET NEXT MONTH. Ft. Worth, Tex., Oct. 6.—The executive committee of the Texas Commercial Secretaries association met here today. Homer D. Wade, of Stamford, presiding as chairman. The committee decided to hold the annual meeting of the organization November 10 and 11, probably at Vaco, W. W. Woodall, of Temple, secretary of the association, and J. A. Arnold, president of Ft. Worth, attended.

Facts for Weak Women. Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription. It Makes Weak Women Strong. Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

Cultivating Slimness.

Fat women must take this injunction to heart if they want to be in style for the new modes will not drape over a fat figure.

The fat has got to come off quickly but without harm, of course, and this means only one thing can be depended upon. Exercising or dieting are too slow. The fat woman who wants to wear a form clinging gown must make an immediate trip to her druggist and get a case of Marmola Prescription Tablets, which will cost her about 75 cents.

"Taking one of these after each meal and at bedtime should be enough to bring her to the 'losing-a-pound-a-day' stage before even the first case is used. It is hardly believable that such delightful results can be obtained without harm and for such a small sum of money, but then, fact is stranger than fiction."

Test the effect of these tablets by getting a case yourself, either from the Marmola Co., 787 Farmer Bldg., Detroit, Mich., or from any druggist. They are made in exact accordance with the famous Marmola Prescription and consequently, can not have any ill effects.
